## LANGUAGE

- Urdu
- English(basic)

## EXPERTISE

- HTML & CSS
- Typescript
- Javascript
- NEXT.JS

## EXPERIENCE

As a student at GIAIC, I am actively engaged in learning cutting-edge technologies such as Generative AI, Metaverse, Blockchain, Web 3, and Tailwind CSS. Additionally, I have developed proficiency in JavaScript, TypeScript, Next.js, HTML, and CSS. My coursework and projects emphasize hands-on experience, allowing me to build essential skills in modern web development frameworks and technologies, even though I am currently expanding my experience in the field.

### Relevant Projects and Skills

- **Front-End Development:** Solid understanding of web fundamentals through HTML and CSS, with proficiency in creating responsive designs.
- **JavaScript and TypeScript:** Experienced in JavaScript and TypeScript for building dynamic and interactive web applications.
- **Next.js:** Familiar with the Next.js framework, enabling me to build SEO-friendly, server-rendered React applications.

## EDUCATION

### APSACS-FAISAL

ICS (Class 12)  
2023-present

### GIAIC

GIAICAI, Metaverse, Web3, Blockchain  
2023-Present
